IPM statement

It is the goal of OAKLAND UNIFIED SCHOOL DISTRICT to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to:

Oakland Unified School District will use the least toxic or non-hazardous means to eliminate pest and undesirable plants (weeds) by focusing on pest control tactics which implements cultural and behavioral practices with the minimal disruption to the students, staff and the environment.
