LEGISLATIVE COUNSEL’S DIGEST

AB 1840, Committee on Budget. Education finance.

(1) Existing law, the Child Care and Development Services Act, establishes a system of child care and development services for children up to 13 years of age, and requires the Superintendent of Public Instruction to implement a plan establishing assigned reimbursement rates, per unit of average daily enrollment, to be paid by the state to provider agencies for the provision of those services. Existing law also provides for an adjustment factor to be applied to units of average daily enrollment if a provider agency serves children who meet specified criteria.

This bill would revise the adjustment factors applicable until December 31, 2018, as provided.

(2) Existing law imposes various requirements on the sale or lease of surplus real property by school districts.

Existing law authorizes the governing board of a school district to request an emergency apportionment through the Superintendent of Public Instruction if the governing board of the school district determines during a fiscal year that its revenues are less than the amount necessary to meet its current year expenditure obligations. Existing law imposes duties on the Superintendent, among others, relating to the administration of those emergency apportionments.

This bill would reallocate duties, and would revise the provisions, relating to those emergency apportionments. Because the bill would impose new duties on county superintendents of schools, the bill would impose a state-mandated local program.

This bill would authorize the Inglewood Unified School District, the Oakland Unified School District, the South Monterey County Joint Union High School District, and the Vallejo City Unified School District, if those school districts have an outstanding emergency apportionment loan as of July 1, 2018, until the emergency apportionment loan is repaid, to sell or lease surplus real property, together with any personal property located on the real property, owned by the school district and use the proceeds from the sale or lease to service, reduce, or retire the debt on the emergency apportionment loan, or for capital improvements of the school district's facilities.

The bill would make legislative findings and declarations as to the necessity of a special statute for the Inglewood Unified School District, the Oakland Unified School District, the South Monterey County Joint Union High School District, and the Vallejo City Unified School District.

(3) Existing law establishes a public school financing system that requires state funding for school districts and charter schools to be calculated pursuant to a local control funding formula, as specified.

Existing law requires the governing board of a school district to certify twice during a fiscal year whether the school district is able to meet its financial obligations for the remainder of the fiscal year and for the subsequent fiscal year. Existing law requires these certifications to be classified as positive, qualified, or negative and to be filed with the county superintendent of schools. Existing law requires a county superintendent of schools to change a positive certification to negative or qualified when the county office of education determines a negative or qualified certification should have been filed.

This bill would require the Oakland Unified School District, for the 2018–19 fiscal year, in collaboration with and with the concurrence of the Alameda County Superintendent of Schools and the County Office Fiscal Crisis and Management Assistance Team, to take certain actions by March 1, 2019, regarding its financial plans and school district construction plans, as specified.

The bill would provide that, beginning with the 2019–20 fiscal year and ending with the 2021–22 fiscal year, the Budget Act for those fiscal years shall include certain appropriations, as specified. The bill would make the disbursement of moneys from those appropriations contingent upon the completion of activities specified in the prior year Budget Act to improve the school district’s fiscal solvency.

This bill would require the Inglewood Unified School District, for the 2018–19 fiscal year, to take certain actions. The bill would provide that, beginning with the 2019–20 fiscal year and ending with the 2021–22 fiscal year, the Budget Act for those fiscal years shall include certain appropriations, as specified. The bill would make the disbursement of moneys from those appropriations contingent upon the completion of activities specified in the prior year Budget Act to improve the school district’s fiscal solvency. The bill would, until June 30, 2019, authorize the Superintendent of Public Instruction to waive the reimbursement determination, calculated pursuant to a specified regulation, for Inglewood Unified School District’s 2016–17 fiscal year California state preschool program contract in order to resolve the school district’s outstanding child development reimbursement liability to the state.

Because the bill would impose additional duties on local agencies, this bill would impose a state-mandated local program.

This bill would make legislative findings and declarations as to the necessity of a special statute for Oakland Unified School District and the Inglewood Unified School District.

(4) Existing law requires the county superintendent of schools to take certain actions if, at any time during the fiscal year, he or she determines that a school district may be unable to meet its financial obligations for the current or 2 subsequent fiscal years or if the district would have a qualified or negative certification, as specified, including, among others, notifying, and performing certain actions with the consultation of, the Superintendent of Public Instruction. Existing law establishes a process to appeal these determinations of the county superintendent of schools by appealing to the Superintendent of Public Instruction, as specified. Existing law requires the Superintendent to monitor the efforts of a county office of education in exercising its authority under these provisions and authorizes the Superintendent to exercise any of that authority if he or she finds that the actions of the county

superintendent of schools are not effective in resolving the financial problems of the school district.

This bill would require the county superintendent of schools to additionally notify, and report to, the president of the State Board of Education or the president's designee concerning matters noticed and reported to the Superintendent pursuant to these provisions. The bill, if the county superintendent of schools is relieved of certain powers assumed by the Superintendent pursuant to those provisions, would require the county superintendent of schools to provide support and assistance to the Superintendent in the exercise of those powers. The bill would require the Superintendent to also request that the County Office Fiscal Crisis and Management Assistance Team identify the circumstances that led to the ineffectiveness of the county superintendent of schools in resolving the financial problems of the school district, and to require the county office of education to demonstrate, in a manner determined by the Superintendent, remediation of those deficiencies. Because the bill would impose new duties on county superintendents of schools, it would create a state-mandated local program.

(5) Existing law, if a school district that receives notice of any change or changes adopted by the county superintendent of schools in the school district's budget pursuant to specified provisions, authorizes the governing board of the school district to submit an appeal to the Superintendent of Public Instruction, based upon the contention that the change or changes would cause one or more specified actions. Existing law requires the Superintendent, no later than five days after receiving that appeal, to deny or uphold the appeal.

This bill would require the Superintendent to deny or uphold the appeal, no later than five days after receiving the appeal, with the concurrence of the president of the State Board of Education or the president's designee.

(6) Existing law establishes the Local Solutions Grant Program to provide one-time competitive grants to specified types of local educational agencies to develop and implement new, or expand existing, locally identified solutions that address a local need for special education teachers, as provided. Existing law appropriates \$50,000,000 from the General Fund to the Commission on Teacher Credentialing for the 2018–19 fiscal year for purposes of the program, and provides that this funding is available for

encumbrance through June 30, 2023, and for liquidation through June 30, 2026. Existing law requires the commission to require grant recipients to submit a final implementation report within 3 years of receiving a grant award. Existing law repeals the Local Solutions Grant Program and the Teacher Residency Grant Program on January 1, 2027.

This bill would instead make that funding available for liquidation through June 30, 2028, and would instead require the commission to require grant recipients to submit a final implementation report within 5 years of receiving a grant award. By extending the time in which funds encumbered under an existing appropriation may be liquidated, the bill would make an appropriation. The bill would delay the repeal of the Local Solutions Grant Program and the Teacher Residency Grant Program until January 1, 2029.

(7) Existing law requires, on or before July 1, 2014, governing boards of school districts and county boards of education to adopt a local control and accountability plan, as provided. Existing law requires charter schools, on or before July 1, 2015, and each year thereafter, to adopt a local control and accountability plan to update the goals and annual actions to achieve those goals identified in the charter petition, as provided. Existing law requires, on or before March 31, 2014, the State Board of Education to adopt templates for use by school districts, county superintendents of schools, and charter schools for purposes of the local control and accountability plans.

This bill would require, on or before January 31, 2020, the template adopted by the state board to require the inclusion of specified information relating to pupil performance and fiscal accountability in the local control and accountability plans. The bill would require the template, to the greatest extent practicable, to use language that is understandable and accessible to parents. The bill would require a local control and accountability plan and an annual update to a local control and accountability plan adopted by a school district, county board of education, or charter school to include all of the information specified in the template, and would require data reported in the local control and accountability plan to be reported in a manner consistent with how information is reported on the California School Dashboard maintained by the State Department of Education. The bill would require the

superintendent of a school district and a county superintendent of schools to post prominently on the homepage of their Internet Web site, instead of just posting on their Internet Web site, their local control and accountability plans and any updates or revisions to those plans. To the extent the bill would require school districts, county boards of education, and charter schools to include additional information in their local control and accountability plans, the bill would impose a state-mandated local program.

The bill would appropriate, for the 2018–19 fiscal year, \$200,000 from the General Fund to the department to support updating the Local Control Accountability Plan Electronic Template system. The bill would require the department, in collaboration with, and subject to the approval of, the executive director of the state board, to enter into contracts with the San Joaquin County Office of Education for these purposes. To the extent these contracts would impose additional duties on the San Joaquin County Office of Education, the bill would impose a state-mandated local program.

(8) Existing law establishes the California Collaborative for Educational Excellence for purposes of advising and assisting school districts, county superintendents of schools, and charter schools in achieving the goals set forth in a local control and accountability plan. Existing law authorizes the collaborative to accept a request or referral to advise and assist a school district, county superintendent of schools, or charter school in specified circumstances. Existing law authorizes the governing board of a school district to request an emergency apportionment through the Superintendent of Public Instruction if the governing board of the school district determines during a fiscal year that its revenues are less than the amount necessary to meet its current year expenditure obligations.

This bill would provide that a school district is deemed to have been referred to the California Collaborative for Educational Excellence if the school district receives an emergency apportionment pursuant to specified provisions. The bill, if the collaborative provides assistance to a school district referred pursuant to this provision, would require the collaborative to conduct a systemic review of the school district to identify needs and strategies to improve pupil academic achievement, as provided. The bill would require the collaborative, based on the results of the systemic review, to coordinate and facilitate the assistance

provided to the school district by governmental agencies to provide coherent and effective support consistent with the purpose of the statewide system of support.

(9) The California Constitution provides that the University of California constitutes a public trust administered by the Regents of the University of California, a corporation in the form of a board, with full powers of organization and government, subject to legislative control only for specified purposes.

This bill would expressly authorize the University of California to provide services, benefits, and any other form of assistance aimed at furthering a student's educational success to all of its enrolled students who meet the eligibility requirements for any such program the University, or its campuses, establishes.

(10) Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law establishes the Student Equity and Achievement Program pursuant to which funding may be provided to support the California Community Colleges in implementing activities and practices that, among other things, advance the systemwide goal of eliminating achievement gaps for students from traditionally underrepresented groups. Existing law requires a community college district to comply with certain requirements as a condition of the receipt of funds for purposes of the program.

This bill would also require a community college district, as a condition of the receipt of funds for purposes of the program, to provide a report to the Office of the Chancellor of the California Community Colleges by January 1 of each year detailing how program funding was expended in the prior fiscal year and an assessment of the progress in advancing the systemwide goal of eliminating achievement gaps for students from traditionally underrepresented groups. The bill would require, by April 1 of each year, the chancellor's office to submit a systemwide report to the Legislature and Department of Finance that provides a summary of those district reports. The bill would authorize the Board of Governors to require districts or colleges to provide a local fund match for funding appropriated for purposes of the program, and would alter other provisions relating to program funding.

(11) Existing law establishes the Community College Student Success Funding Formula Oversight Committee, consisting of 15 members for purposes of continuously evaluating and reviewing the implementation of the student success funding formula. Existing law states the intent of the Legislature to further refine and determine the membership, duties, and responsibilities of the oversight committee.

This bill would provide that the oversight committee consists of 12 members, 4 appointed by the Senate Committee on Rules, 4 by the Speaker of the Assembly, and 4 by the Governor, as specified. The bill would specify that the committee members appointed by the Legislature serve at the pleasure of the appointing authority and those appointed by the Governor serve a 4-year term, with at least one member being a community college administrator. The bill would specify the duties and responsibilities of the oversight committee. The bill would repeal the provisions establishing the oversight committee on January 1, 2022.

(12) Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. Existing law provides that specified services provided by local educational agencies are covered Medi-Cal benefits and are reimbursable on a fee-for-service basis under the Local Educational Agency Medi-Cal Billing Option program.

Existing law appropriates, for the 2018–19 fiscal year, \$697,759,000 from the General Fund to the Controller for transfer to Section A of the State School Fund for allocation by the State Department of Education to school districts, county offices of education, and charter schools, as specified. Under existing law, if a school district, county office of education, or charter school is required to repay claims disallowed under, among other programs, the Local Educational Agency Medi-Cal Billing Option program for the 2009–10 fiscal year to the 2015–16 fiscal year, inclusive, the Controller is required, upon notification from the Department of Finance, to withhold the specified amounts owed from the allocations made pursuant to these provisions.

This bill would delete that requirement for the Controller to withhold the specified amounts owed if a school district, county office of education, or charter school is required to repay claims

disallowed under the Local Educational Agency Medi-Cal Billing Option program.

(13) Existing law requires all schoolbuses to be equipped with certain safety features, as specified. Existing law requires, on or before the beginning of the 2018–19 school year, schoolbuses, school pupil activity buses, except as provided, youth buses, and child care motor vehicles to be equipped with an operational child safety alert system, as defined.

This bill would instead require schoolbuses, school pupil activity buses, except as provided, youth buses, and child care motor vehicles to be equipped with an operational child safety alert system on or before March 1, 2019. The bill would grant specified school districts, county offices of education, charter schools, private schools, and other entities that operate those vehicles an additional 6 months to meet that requirement if certain documentation is submitted to the Department of the California Highway Patrol on or before March 1, 2019.

The bill would require the Department of the California Highway Patrol to consult with the State Department of Education to develop frequently asked questions related to the implementation of these requirements.

(14) Existing law, for the 2017–18 fiscal year, appropriates \$400,000 from the General Fund to the Superintendent of Public Instruction for support and development of the Local Control Accountability Plan Electronic Template system and the California School Dashboard mobile app, with \$350,000 of that amount required to be used to host, maintain, and support the development of the Local Control Accountability Plan Electronic Template system and the remaining \$50,000 to be used to support and develop the California School Dashboard mobile app.

This bill would provide that the \$50,000 to be used to support and develop the California School Dashboard mobile app is available for encumbrance through the 2018–19 fiscal year.

(15) Existing law appropriates \$50,000,000 to the Controller for transfer to Section A of the State School Fund for allocation by the State Department of Education for purposes of the Classified School Employee Summer Assistance Program. Existing law authorizes a classified employee of a local educational agency participating in the program who meets specified requirements to withhold an amount from his or her monthly paycheck during the

2019–20 school year to be paid out during the summer recess period, and requires the department to apportion funds to participating local educational agencies to provide a participating classified employee up to \$1 for each \$1 that participating classified employee has elected to have withheld from his or her monthly paychecks. Existing law requires participating local educational agencies to deposit the amounts withheld from the monthly paychecks of a participating classified employee in an account within its general fund, to be known as the Classified School Employee Summer Assistance Program Fund.

This bill, instead of requiring the amounts withheld to be deposited in an account within its general fund, would require the amounts withheld to be deposited in a separate account. The bill would also clarify that, for purposes of the program, “local educational agency” means a school district or county office of education.

(16) Existing law appropriates \$50,000,000 for the 2018–19 fiscal year from the General Fund to the State Department of Education to establish the Classified School Employee Professional Development Block Grant Program. Existing law requires the department to apportion those block grant funds to local educational agencies for specified purposes relating to the professional development of classified school employees, as provided.

This bill would require the department to provide \$5,000,000 of those funds to the Office of the Chancellor of the California Community Colleges for professional development for classified community college employees, as provided. Because the bill would authorize an existing appropriation to be spent for a new purpose, the bill would make an appropriation.

(17) Existing law establishes the Charter Schools Facilities Program to provide funding to qualifying entities for the purpose of establishing school facilities for charter school pupils. Existing law places various duties on the California School Finance Authority for purposes of administering the program.

This bill would appropriate \$21,146,000 from the General Fund to the California School Finance Authority for the 2018–19 fiscal year to support programmatic costs for the program attributable to the 2017–18 fiscal year.

(18) This bill would repeal obsolete provisions, make conforming and clarifying changes, correct cross-references, and make other nonsubstantive changes.

(19) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above, except that specified funding provided for school districts, county offices of education, and charter schools shall be used to directly offset any mandated costs.

(20) Funds appropriated by this bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(21) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. With respect to Section 34 of this act:

(a) It is the intent of the Legislature by authorizing the extension for compliance with the child safety requirements initially established by Chapter 721 of the Statutes of 2016 (Senate Bill 1072 of the 2015–16 Regular Session) to provide a sufficient timeline to successfully install child safety alert systems in all applicable vehicles as required by Section 28160 of the Vehicle Code to ensure the safety of all pupils and youth being transported.

(b) It is further the intent of the Legislature, by providing this extension, to strongly encourage school districts, county offices of education, charter schools, private schools, and other entities to prioritize the installation of child safety alert systems on vehicles that transport individuals with exceptional needs, as defined in Section 56026 of the Education Code, as their safety continues to be a top priority for the Legislature.

(c) Additionally, as public safety remains a top priority for the Legislature, it is further the intent of the Legislature to only provide

this extension on a one-time basis to ensure that child safety alert systems are properly installed on all applicable vehicles pursuant to Section 28160 of the Vehicle Code and pupils and youth are transported in the safest manner.

SEC. 2. Section 313 of the Education Code, as amended by Section 2 of Chapter 478 of the Statutes of 2013, is repealed.

SEC. 3. Section 313 of the Education Code, as added by Section 3 of Chapter 478 of the Statutes of 2013, is amended to read:

313. (a) Each school district that has one or more pupils who are English learners, and, to the extent required by federal law, each county office of education and each charter school, shall assess the English language development of each pupil in order to determine the level of proficiency for purposes of this chapter.

(b) The department, with the approval of the state board, shall establish procedures for conducting the assessment required pursuant to subdivision (a) and for the reclassification of a pupil from English learner to English proficient.

(c) Commencing with the 2000–01 school year until subdivision (d) is implemented, the assessment shall be conducted upon initial enrollment, and annually, thereafter, during a period of time determined by the Superintendent and the state board. The annual assessments shall continue until the pupil is redesignated as English proficient. The assessment shall primarily utilize the English language development test identified or developed by the Superintendent pursuant to Chapter 7 (commencing with Section 60810) of Part 33 of Division 4 of Title 2.

(d) (1) This subdivision shall not be implemented unless and until the department receives written documentation from the United States Department of Education that federal law permits the implementation of the changes set forth in this subdivision or until the 2013–14 school year, whichever occurs later.

(2) The summative assessment shall be conducted annually during a four-month period after January 1 determined by the Superintendent with the approval of the state board. Annual assessments shall continue until the pupil is redesignated as English proficient. The annual assessment shall primarily utilize the English language development assessment identified or developed by the Superintendent pursuant to Chapter 7 (commencing with Section 60810) of Part 33 of Division 4 of Title 2.

(3) The assessment for initial identification shall be conducted upon the initial enrollment of a pupil in order to provide information to be used to determine if the pupil is an English learner.

(A) If the initial enrollment of a pupil occurs on a date outside of the testing period identified pursuant to paragraph (2), the prior year's annual assessment for the grade in which the pupil is enrolling shall be used for this purpose.

(B) If the initial enrollment of a pupil occurs on a date within the testing period identified pursuant to paragraph (2), the initial assessment of the pupil shall be conducted as part of the annual assessment conducted pursuant to paragraph (2).

(4) Notwithstanding paragraph (2), a school district shall assess the English language development of a pupil pursuant to this section no more than one time per school year for each assessment purpose pursuant to Chapter 7 (commencing with Section 60810) of Part 33 of Division 4 of Title 2.

(e) The assessments conducted pursuant to subdivision (d) shall be conducted in a manner consistent with federal statutes and regulations.

(f) The reclassification procedures developed by the department shall utilize multiple criteria in determining whether to reclassify a pupil as proficient in English, including, but not limited to, all of the following:

(1) Assessment of language proficiency using an objective assessment instrument, including, but not limited to, the English language development test that is developed or acquired pursuant to Section 60810.

(2) Teacher evaluation, including, but not limited to, a review of the pupil's curriculum mastery.

(3) Parental opinion and consultation.

(4) Comparison of the performance of the pupil in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age, that demonstrates whether the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

(g) This section does not preclude a school district or county office of education from testing English learners more than once

in a school year if the school district or county office of education chooses to do so.

SEC. 4. Section 8265.5 of the Education Code is amended to read:

8265.5. (a) In order to reflect the additional expense of serving children who meet any of the criteria outlined in subdivisions (c) and (d), the provider agency's reported child days of enrollment for these children shall be multiplied by the adjustment factors listed below.

(b) The adjustment factors shall apply to a full-day state preschool program and those programs for which assigned reimbursement rates are at or below the standard reimbursement rate. In addition, the adjustment factors shall apply to those programs for which assigned reimbursement rates are above the standard reimbursement rate, but the reimbursement rate, as adjusted, shall not exceed the adjusted standard reimbursement rate. The adjustment factors shall apply to those full-day state preschool programs for which assigned reimbursement rates are above the full-day state preschool reimbursement rate, but the reimbursement rate, as adjusted, shall not exceed the adjusted full-day state preschool reimbursement rate.

(c) Until December 31, 2018, the adjustment factors shall be as follows:

(1) For infants who are 0 to 18 months of age and are served in a child day care center, the adjustment factor shall be 1.7.

(2) For toddlers who are 18 to 36 months of age and are served in a child day care center, the adjustment factor shall be 1.4.

(3) For infants and toddlers who are 0 to 36 months of age and are served in a family child care home, the adjustment factor shall be 1.4.

(4) For children with exceptional needs who are 0 to 21 years of age, the adjustment factor shall be 1.2.

(5) For severely disabled children who are 0 to 21 years of age, the adjustment factor shall be 1.5.

(6) For children at risk of neglect, abuse, or exploitation who are 0 to 14 years of age, the adjustment factor shall be 1.1.

(7) For limited-English-speaking and non-English-speaking children who are two years of age through kindergarten age, the adjustment factor shall be 1.1.

(d) Notwithstanding any other law, commencing January 1, 2019, the adjustment factors shall be as follows:

(1) For infants who are 0 to 18 months of age and are served in a child day care center or a family child care home, the adjustment factor shall be 2.44.

(2) For toddlers who are 18 to 36 months of age and are served in a child day care center or a family child care home, the adjustment factor shall be 1.8.

(3) For children with exceptional needs who are 0 to 21 years of age, the adjustment factor shall be 1.54.

(4) For severely disabled children who are 0 to 21 years of age, the adjustment factor shall be 1.93.

(5) For children at risk of neglect, abuse, or exploitation who are 0 to 14 years of age, the adjustment factor shall be 1.1.

(6) For limited-English-speaking and non-English-speaking children who are two years of age through kindergarten age, the adjustment factor shall be 1.1.

(e) Use of the adjustment factors shall not increase the provider agency's total annual allocation.

(f) Days of enrollment for children having more than one of the criteria outlined in subdivisions (c) and (d) shall not be reported under more than one of the above categories.

(g) The difference between the reimbursement resulting from the use of the adjustment factors outlined in subdivisions (c) and (d) and the reimbursement that would otherwise be received by a provider in the absence of the adjustment factors shall be used for special and appropriate services for each child for whom an adjustment factor is claimed.

SEC. 5. Section 17463.5 is added to the Education Code, to read:

17463.5. (a) For purposes of this section, "designated school district" means the Inglewood Unified School District, the Oakland Unified School District, the South Monterey County Joint Union High School District, and the Vallejo City Unified School District.

(b) (1) Notwithstanding Sections 17456, 17457, 17462, 17462.7, and 17463, or any other law, until the emergency apportionment loan is repaid, a designated school district with an outstanding emergency apportionment loan pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of Division 3 of Title 2, as of July 1, 2018, may sell or lease surplus real property,

together with any personal property located on the real property, owned by the designated school district and use the proceeds from the sale or lease to service, reduce, or retire the debt on the emergency apportionment loan, or for capital improvements of the facilities of the designated school district pursuant to subdivisions (a) and (b) of Section 17462.

(2) The sale or lease of surplus real property pursuant to this subdivision shall be sold or leased pursuant to Section 17458, 17464, or 17489, as applicable.

(c) Notwithstanding any other law, a designated school district that uses the proceeds from the sale or lease of surplus real property pursuant to subdivision (b) shall not be eligible for financial hardship assistance pursuant to Article 8 (commencing with Section 17075.10) of Chapter 12.5 of Part 10.

(d) Nothing in this section shall be construed as modifying the responsibility of a designated school district to accommodate pupils in accordance with Section 47614.

(e) Nothing in this section shall exclude the designated school districts with outstanding emergency apportionment loans, pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of Division 3 of Title 2, as of July 1, 2018, except as provided in subdivision (c), from participating in or benefitting from any program authorized pursuant to Chapter 12 (commencing with Section 17000), Chapter 12.5 (commencing with Section 17070.10), or Chapter 14 (commencing with Section 17085) of Part 10, or any other state school facilities funding program.

(f) Notwithstanding any other law, this section shall not be subject to waiver by the state board pursuant to Section 33050 or by the Superintendent.

SEC. 6. Section 41320 of the Education Code is amended to read:

41320. As a condition to any emergency apportionment to be made pursuant to Section 41320.2, the following requirements shall be met:

(a) The school district requesting the apportionment shall submit to the county superintendent of schools having jurisdiction over the school district a report issued by an independent auditor approved by the county superintendent of schools on the financial conditions and budgetary controls of the school district, a written management review conducted by a qualified management

consultant approved by the county superintendent of schools, and a fiscal plan adopted by the governing board to resolve the financial problems of the school district.

(b) The county superintendent of schools shall review, and provide written comment on, the independent auditor's report, the management review, and the school district plan. That written comment shall include the county superintendent's approval or disapproval of the school district plan. In the event the county superintendent disapproves the plan, the governing board shall revise the school district plan to respond to the concerns expressed by the county superintendent.

(c) Upon his or her approval of the school district plan, the county superintendent of schools shall submit copies of the report, review, plan, and written comments specified in subdivision (b) to the Superintendent, the Joint Legislative Audit Committee, the Joint Legislative Budget Committee, the Director of Finance, the president of the state board or his or her designee, and the Controller.

(d) The school district receiving the apportionment shall be eligible for assistance from the California Collaborative for Educational Excellence pursuant to Section 52074.

(e) The county superintendent of schools, with the concurrence of the Superintendent, shall certify to the Director of Finance that the action taken to correct the financial problems of the school district is realistic and will result in placing the school district on a sound financial basis.

(f) The school district shall develop a schedule to repay the emergency loan, including any lease financing pursuant to Article 2.7 (commencing with Section 41329.50), and submit it to the county superintendent of schools. The county superintendent of schools shall review and comment on the repayment schedule and submit it to the Superintendent for approval or disapproval. Upon the approval of the repayment schedule, and of the other reports, reviews, plans, and the appointment of the trustee required by this article, the Superintendent shall request the Controller to disburse the proceeds of the emergency loan to the school district.

(g) The school district requesting the apportionment shall reimburse the county superintendent of schools for the costs incurred by the superintendent pursuant to this section.

SEC. 7. Section 41320.1 of the Education Code is amended to read:

41320.1. Acceptance by the school district of the apportionments made pursuant to Section 41320 constitutes the agreement by the school district to all of the following conditions:

(a) The county superintendent of schools, the Superintendent, and the president of the state board or his or her designee shall, by majority vote, appoint a trustee from a pool of candidates identified and vetted by the County Office Fiscal Crisis and Management Assistance Team pursuant to subdivision (b) who has recognized expertise in management and finance and may employ, on a short-term basis, staff necessary to assist the trustee, including, but not limited to, certified public accountants, as follows:

(1) The expenses incurred by the trustee and necessary staff shall be borne by the school district.

(2) The county superintendent of schools, with concurrence from both the Superintendent and the president of the state board or his or her designee, shall establish the terms and conditions of the employment, including the remuneration of the trustee. The trustee shall report directly to the county superintendent of schools. The county superintendent of schools shall provide regular updates to the Superintendent and the president of the state board or his or her designee regarding the work of the trustee.

(3) The trustee, and necessary staff, shall serve until the school district has adequate fiscal systems and controls in place, the Superintendent has determined that the school district's future compliance with the fiscal plan approved for the school district pursuant to Section 41320 is probable, and the county superintendent of schools, the Superintendent, and the president of the state board or his or her designee decide to terminate the trustee's appointment, but in no event for less than three years. The county superintendent of schools shall notify the Legislature, the Department of Finance, and the Controller no less than 60 days before the time that the county superintendent of schools expects these conditions to be met.

(4) Before the school district repays the loan, including interest, the recipient of the loan shall select an auditor from a list established by the Superintendent and the Controller to conduct an audit of its fiscal systems. If the fiscal systems are deemed to be inadequate, the county superintendent of schools, with

concurrence from both the Superintendent and the president of the state board or his or her designee, may retain the trustee until the deficiencies are corrected. The cost of this audit and any additional cost of the trustee shall be borne by the school district.

(5) Notwithstanding any other law, all reports submitted to the trustee are public records.

(6) To facilitate the appointment of the trustee and the employment of necessary staff, this section is exempt from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code and Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

(7) If the trustee appointed pursuant to this section is an employee of the department, the salary and benefits of that employee shall be established by the Superintendent and paid by the school district. During the time of appointment, the employee is an employee of the school district, but shall remain in the same retirement system under the same plan as if the employee had remained in the department. Upon the expiration or termination of the appointment, the employee shall have the right to return to his or her former position, or to a position at substantially the same level as that position, with the department. The time served in the appointment shall be counted for all purposes as if the employee had served that time in his or her former position with the department.

(b) The County Office Fiscal Crisis and Management Assistance Team, when selecting the pool of candidates for trustee, shall consider candidates' expertise in management and finance, previous experience mitigating fiscal distress in school districts, and ability to meaningfully engage with the community that the school district serves, and shall provide an opportunity for public input on the selection of the pool of candidates for trustee.

(c) (1) The trustee appointed pursuant to this section shall monitor and review the operation of the school district. During the period of his or her service, the trustee may stay or rescind an action of the governing board of the school district that, in the judgment of the trustee, may affect the financial condition of the school district.

(2) After the trustee's period of service, and until the loan is repaid, the county superintendent of schools that has jurisdiction

over the school district may stay or rescind an action of the governing board of the school district that, in his or her judgment, may affect the financial condition of the school district. The county superintendent of schools shall notify the Superintendent and the president of the state board or his or her designee, within five business days, if he or she stays or rescinds an action of the governing board of the school district. The notice shall include, but not be limited to, both of the following:

(A) A description of the governing board of the school district's intended action and its financial implications.

(B) The rationale and findings that support the county superintendent of school's decision to stay or rescind the action of the governing board of the school district.

(3) If the county superintendent of schools notifies the Superintendent and the president of the state board or his or her designee pursuant to paragraph (2), the county superintendent of schools shall report to the Legislature, pursuant to Section 9795 of the Government Code, on or before December 30 of every year, whether the school district is complying with the fiscal plan approved for the school district.

(4) The county superintendent of schools, with concurrence from the Superintendent, may establish timelines and prescribe formats for reports and other materials to be used by the trustee to monitor and review the operations of the school district. The trustee shall approve or reject all reports and other materials required from the school district as a condition of receiving the apportionment. The Superintendent, upon the recommendation of the trustee, may reduce an apportionment to the school district in an amount up to two hundred dollars (\$200) per day for each late or unacceptable report or other material required under this part, and shall report to the Legislature a failure of the school district to comply with the requirements of this section. If the county superintendent of schools determines, at any time, that the fiscal plan approved for the school district under Section 41320 is unsatisfactory, he or she may modify the plan as necessary, with concurrence from the Superintendent, and the school district shall comply with the plan as modified.

(d) At the request of the county superintendent of schools, with approval from the Superintendent, the Controller shall transfer to the department, from an apportionment to which the school district

would otherwise have been entitled pursuant to Section 42238.02, as implemented by Section 42238.03, the amount necessary to pay the expenses incurred by the trustee and associated costs incurred by the county superintendent of schools.

(e) For the fiscal year in which the apportionments are disbursed and every year thereafter, the Controller, or an auditor that is designated by the Controller as both active and able to perform K–12 local education agency audits, shall cause an audit to be conducted of the books and accounts of the school district, in lieu of the audit required by Section 41020. At the Controller's discretion, the audit may be conducted by the Controller, his or her designee, an auditor that is designated by the Controller as both active and able to perform K–12 local education agency audits, or an auditor selected by the school district and approved by the Controller. The costs of these audits shall be borne by the school district. These audits shall be required until the Controller determines, in consultation with the county superintendent of schools and the Superintendent, that the school district is financially solvent, but in no event earlier than one year following the implementation of the plan or later than the time the apportionment made is repaid, including interest. The auditor selected pursuant to this subdivision, if any, the county superintendent of schools, a County Office Fiscal Crisis and Management Assistance Team representative, the Superintendent, and the school district superintendent, or their respective designees, shall meet before the audit to discuss the terms of the audit and the timeline under which it will proceed. In addition, the Controller shall conduct quality control reviews pursuant to subdivision (c) of Section 14504.2.

(f) For purposes of errors and omissions liability insurance policies, the trustee appointed pursuant to this section is an employee of the local educational agency to which he or she is assigned. For purposes of workers' compensation benefits, the trustee is an employee of the local educational agency to which he or she is assigned, except that a trustee appointed pursuant to paragraph (7) of subdivision (a) is an employee of the department for those purposes.

(g) Except for an individual appointed by the vote pursuant to subdivision (a) as a trustee described in paragraph (7) of subdivision (a), the trustee appointed pursuant to this section is a member of the State Teachers' Retirement System, if qualified,

for the period of service as trustee, unless the trustee elects in writing not to become a member. A person who is a member or retirant of the State Teachers' Retirement System at the time of appointment shall continue to be a member or retirant of the system for the duration of the appointment. If the trustee chooses to become a member or is already a member, the trustee shall be placed on the payroll of the school district for the purpose of providing appropriate contributions to the system. The Superintendent may also require that an individual appointed as a trustee described in paragraph (7) of subdivision (a) be placed on the payroll of the school district for purposes of remuneration, other benefits, and payroll deductions. For purposes of workers' compensation benefits, the state-appointed trustee is deemed an employee of the local educational agency to which he or she is assigned, except that a trustee who is described in paragraph (7) of subdivision (a) is an employee of the department for those purposes.

SEC. 8. Section 41321 of the Education Code is amended to read:

The report shall include, but not necessarily be limited to, all of the following information:

(1) Specific actions taken to reduce expenditures or increase income, and the cost savings and increased income resulting from those actions.

(b) It is the intent of the Legislature that an administrator, appointed pursuant to Section 41326, do all of the following:

(4) Consult, for the purposes described in this subdivision, with the school district governing board, the exclusive representatives of the employees of the school district, parents, and the community.

(5) Consult with and seek recommendations from the county superintendent of schools and the Superintendent for the purposes described in this subdivision.

provided by his or her employment with the state or the office of the county superintendent of schools. Upon the expiration or termination of the appointment, the employee shall have the right to return to his or her former position, or to a position at substantially the same level as that position, with the state or the office of the county superintendent of schools. (f) The authority of the county superintendent of schools, the Superintendent, the president of the state board or his or her designee, and the administrator, under this section shall continue until all of the following occur:

(1) (A) After one complete fiscal year has elapsed following the qualifying school district's acceptance of an emergency apportionment as described in subdivision (a), the administrator determines, and so notifies the county superintendent of schools, the Superintendent, and the president of the state board or his or her designee, that future compliance by the qualifying school district with the recovery plans approved pursuant to paragraph (2) is probable.

(B) The county superintendent of schools, with concurrence from both the Superintendent and the president of the state board or his or her designee, may return power to the governing board of the qualifying school district for an area listed in subdivision (a) of Section 41327.1 if performance under the recovery plan for that area has been demonstrated to the satisfaction of the county superintendent of schools, with concurrence from the Superintendent.

The parties specified in Section 41320.1 shall appoint a trustee under that section to monitor and review the operations of the qualifying school district until the conditions of subdivision (b) of that section have been met.

(h) Notwithstanding subdivision (g), if the qualifying school district violates a provision of the recovery plans approved by the county superintendent of schools, with concurrence from the Superintendent, pursuant to this article within five years after the trustee appointed pursuant to Section 41320.1 is removed or after the emergency apportionment is repaid, whichever occurs later, or the improvement plans specified in Section 41327.1 during the period of the trustee's appointment, the county superintendent of schools, with concurrence from both the Superintendent and the president of the state board or his or her designee, may reassume, either directly or through an administrator appointed in accordance with this section, all of the legal rights, duties, and powers of the governing board of the qualifying school district. The county superintendent of schools, with concurrence from both the Superintendent and the president of the state board or his or her designee, shall return to the governing board of the qualifying school district all of its legal rights, duties, and powers reassumed under this subdivision when he or she determines that future

(i) Article 2 (commencing with Section 41320) shall apply except as otherwise specified in this article.

(j) It is the intent of the Legislature that the legislative budget subcommittees annually conduct a review of each qualifying school district that includes an evaluation of the financial condition of the qualifying school district, the impact of the recovery plans upon the qualifying school district's educational program, and the efforts made by the state-appointed administrator to obtain input from the community and the governing board of the qualifying school district.

(4) If, after performing the duties described in paragraphs (1), (2), and (3), the County Office Fiscal Crisis and Management Assistance Team determines that the county superintendent of schools failed to carry out his or her responsibilities for fiscal oversight as required by this code, the Superintendent, with the concurrence of the president of the state board or his or her designee, may exercise the authority of the county superintendent of schools who has oversight responsibilities for a qualifying school district. The Superintendent and the president of the state board or his or her designee shall further require the county superintendent of schools to demonstrate remediation of deficiencies identified in reports required in paragraphs (2) and (3). If the Superintendent finds, based on the reports required in paragraphs (2) and (3), that the county superintendent of schools failed to appropriately take into account particular types of indicators of financial distress, or failed to take appropriate remedial actions in the qualifying school district, the Superintendent shall further investigate whether the county superintendent of schools failed to take into account those indicators, or similarly failed to take appropriate actions in other school districts with negative or qualified certifications.

SEC. 11. Section 41327 of the Education Code is amended to read:

The county superintendent of schools may accept and approve, for the purposes of this section, any reports or plans that were prepared by or for the school district prior to the school district's acceptance of a loan as described in subdivision (a) of Section 41326.

(c) With the approval of the county superintendent of schools, the administrator appointed pursuant to subdivision (b) of Section 41326 may enter into agreements on behalf of the school district and, subject to any contractual obligation of the school district, change any existing school district rules, regulations, policies, or practices as necessary for the effective implementation of the recovery plans referred to in subdivision (a).

41327.1. (a) The state board shall adopt and may periodically update by regulation a comprehensive list of professional and legal standards that all school districts are encouraged to use as a guide to conduct a good educational program and fiscal and management practices that shall be used as the basis of evaluating the

Based upon this determination, the County Office Fiscal Crisis and Management Assistance Team shall complete improvement plans in the five areas specified in subdivision (a) that focus on the agreed upon standards, and that are consistent with the financial improvement plan.

SEC. 13. Section 41327.2 of the Education Code is amended to read:

41327.2. (a) The appointment of an administrator pursuant to Section 41326 does not remove any statutory rights, duties, or obligations from the county superintendent of schools. The county superintendent of schools retains the responsibility to superintend school districts under his or her jurisdiction.

(b) The county superintendent of schools shall submit reports to the Superintendent, the president of the state board or his or her designee, the appropriate fiscal and policy committees of the Legislature, and the Director of Finance subsequent to review by the county superintendent of schools of the school district's budget and interim reports in accordance with subdivision (d) of, and paragraph (1) of subdivision (f) of, Section 42127, and paragraph (2) of subdivision (a) of, and subdivision (e) of, Section 42131. These reports shall document the fiscal and administrative status of the qualifying school district, particularly in regard to the implementation of fiscal and management recovery plans. Each report shall also include a determination of whether the revenue streams to the school district appear to be consistent with its expenditure plan, according to the most recent data available at the time of the report. These reports are required until six months after all rights, duties, and powers are returned to the school district pursuant to this article.

SEC. 14. Section 42127.6 of the Education Code is amended to read:

42127.6. (a) (1) A school district shall provide the county superintendent of schools with a copy of a study, report, evaluation, or audit that was commissioned by the school district, the county superintendent, the Superintendent of Public Instruction, and state control agencies and that contains evidence that the school district is showing fiscal distress under the standards and criteria adopted in Section 33127, or a report on the school district by the County Office Fiscal Crisis and Management Assistance Team or any

regional team created pursuant to subdivision (i) of Section 42127.8. The county superintendent shall review and consider studies, reports, evaluations, or audits of the school district that contain evidence that the school district is demonstrating fiscal distress under the standards and criteria adopted in Section 33127 or that contain a finding by an external reviewer that more than three of the 15 most common predictors of a school district needing intervention, as determined by the County Office Fiscal Crisis and Management Assistance Team, are present. If these findings are made, the county superintendent shall investigate the financial condition of the school district and determine if the school district may be unable to meet its financial obligations for the current or two subsequent fiscal years, or should receive a qualified or negative interim financial certification pursuant to Section 42131. If at any time during the fiscal year the county superintendent of schools determines that a school district may be unable to meet its financial obligations for the current or two subsequent fiscal years or if a school district has a qualified or negative certification pursuant to Section 42131, he or she shall notify the governing board of the school district and the Superintendent of Public Instruction in writing of that determination and the basis for the determination. The notification shall include the assumptions used in making the determination and shall be available to the public. The county superintendent of schools shall report to the Superintendent of Public Instruction on the financial condition of the school district and his or her proposed remedial actions and shall do at least one of the following and all actions that are necessary to ensure that the school district meets its financial obligations:

(A) Assign a fiscal expert, paid for by the county superintendent, to advise the school district on its financial problems.

(B) Conduct a study of the financial and budgetary conditions of the school district that includes, but is not limited to, a review of internal controls. If, in the course of this review, the county superintendent determines that his or her office requires analytical assistance or expertise that is not available through the school district, he or she may employ, on a short-term basis, with the approval of the Superintendent of Public Instruction, staff, including certified public accountants, to provide the assistance

and expertise. The school district shall pay 75 percent and the county office of education shall pay 25 percent of these staff costs.

(C) Direct the school district to submit a financial projection of all fund and cash balances of the district as of June 30 of the current year and subsequent fiscal years as he or she requires.

(D) Require the district to encumber all contracts and other obligations, to prepare appropriate cashflow analyses and monthly or quarterly budget revisions, and to appropriately record all receivables and payables.

(E) Direct the school district to submit a proposal for addressing the fiscal conditions that resulted in the determination that the school district may not be able to meet its financial obligations.

(F) Withhold compensation of the members of the governing board of the school district and the school district superintendent for failure to provide requested financial information. This action may be appealed to the Superintendent of Public Instruction pursuant to subdivision (b).

(G) Assign the County Office Fiscal Crisis and Management Assistance Team to review teacher hiring practices, teacher retention rate, percentage of provision of highly qualified teachers, and the extent of teacher misassignment in the school district and provide the school district with recommendations to streamline and improve the teacher hiring process, teacher retention rate, extent of teacher misassignment, and provision of highly qualified teachers. If a review team is assigned to a school district, the school district shall follow the recommendations of the team, unless the school district shows good cause for failure to do so. The County Office Fiscal Crisis and Management Assistance Team may not recommend an action that would abrogate a contract that governs employment.

(2) Any contract entered into by a county superintendent of schools for the purposes of this subdivision is subject to the approval of the Superintendent of Public Instruction.

(3) An employee of a school district who provides information regarding improper governmental activity, as defined in Section 44112, is entitled to the protection provided pursuant to Article 5 (commencing with Section 44110) of Chapter 1 of Part 25.

(b) Within five days of the county superintendent making the determination specified in subdivision (a), a school district may appeal the basis of the determination and any of the proposed

actions that the county superintendent has indicated that he or she will take to further examine the financial condition of the school district. The Superintendent of Public Instruction shall sustain or deny any or all parts of the appeal within 10 days.

(c) If, after taking the actions identified in subdivision (a), the county superintendent determines that a school district will be unable to meet its financial obligations for the current or subsequent fiscal year, he or she shall notify the governing board of the school district, the Superintendent of Public Instruction, and the president of the state board or the president's designee in writing of that determination and the basis for that determination. The notification shall include the assumptions used in making the determination and shall be provided to the superintendent of the school district and parent and teacher organization of the school district.

(d) Within five days of the county superintendent making the determination specified in subdivision (c), a school district may appeal that determination to the Superintendent of Public Instruction. The Superintendent shall sustain or deny the appeal within 10 days. If the governing board of the school district appeals the determination, the county superintendent of schools may stay any action of the governing board of the school district that he or she determines is inconsistent with the ability of the school district to meet its financial obligations for the current or subsequent fiscal year until resolution of the appeal by the Superintendent of Public Instruction.

(e) If the appeal described in subdivision (d) is denied or not filed, or if the school district has a negative certification pursuant to Section 42131, the county superintendent, in consultation with the Superintendent of Public Instruction, shall take at least one of the actions described in paragraphs (1) to (5), inclusive, and all actions that are necessary to ensure that the school district meets its financial obligations and shall make a report to the Superintendent and the president of the state board or the president's designee about the financial condition of the school district and remedial actions proposed by the county superintendent.

(1) Develop and impose, in consultation with the Superintendent of Public Instruction and the governing board of the school district, a budget revision that will enable the school district to meet its financial obligations in the current fiscal year.

(2) Stay or rescind any action that is determined to be inconsistent with the ability of the school district to meet its obligations for the current or subsequent fiscal year. This includes any actions up to the point that the subsequent year's budget is approved by the county superintendent of schools. The county superintendent of schools shall inform the governing board of the school district in writing of his or her justification for any exercise of authority under this paragraph.

(3) Assist in developing, in consultation with the governing board of the school district, a financial plan that will enable the school district to meet its future obligations.

(4) Assist in developing, in consultation with the governing board of the school district, a budget for the subsequent fiscal year. If necessary, the county superintendent of schools shall continue to work with the governing board of the school district until the budget for the subsequent year is adopted.

(5) As necessary, appoint a fiscal adviser to perform any or all of the duties prescribed by this section on his or her behalf.

(f) Any action taken by the county superintendent of schools pursuant to paragraph (1) or (2) of subdivision (e) shall be accompanied by a notification that shall include the actions to be taken, the reasons for the actions, and the assumptions used to support the necessity for these actions.

(g) This section does not authorize the county superintendent to abrogate any provision of a collective bargaining agreement that was entered into by a school district before the date that the county superintendent of schools assumed authority pursuant to subdivision (e).

(h) The school district shall pay 75 percent and the county office of education shall pay 25 percent of the administrative expenses incurred pursuant to subdivision (e) or costs associated with improving the school district's financial management practices. The Superintendent of Public Instruction shall develop and distribute to affected school districts and county offices of education advisory guidelines regarding the appropriate amount of administrative expenses charged pursuant to this subdivision.

(i) Notwithstanding Section 42647 or 42650 or any other law, a county treasurer shall not honor any warrant if, pursuant to Sections 42127 to 42127.5, inclusive, or pursuant to this section, the county superintendent or the Superintendent of Public

Instruction, as appropriate, has disapproved that warrant or the order on school district funds for which a warrant was prepared.

(j) Effective upon the certification of the election results for a newly organized school district pursuant to Section 35763, the county superintendent of schools may exercise any of the powers and duties of this section regarding the reorganized school district and the other affected school districts until the reorganized school district becomes effective for all purposes in accordance with Article 4 (commencing with Section 35530) of Chapter 3 of Part 21.

(k) The Superintendent of Public Instruction shall monitor the efforts of a county office of education in exercising its authority under this section and may exercise any of that authority if he or she finds that the actions of the county superintendent of schools are not effective in resolving the financial problems of the school district. Upon a decision to exercise the powers of the county superintendent of schools, the county superintendent of schools is relieved of those powers assumed by the Superintendent, and shall provide support and assistance to the Superintendent in the exercise of those powers. The Superintendent shall also request that the County Office Fiscal Crisis and Management Assistance Team identify the circumstances that led to the ineffectiveness of the county superintendent of schools in resolving the financial problems of the school district, and shall require the county office of education to demonstrate, in a manner determined by the Superintendent, remediation of those deficiencies. In addition to the actions taken by the county superintendent, the Superintendent of Public Instruction shall take further actions to ensure the long-term fiscal stability of the school district. The county office of education shall reimburse the Superintendent of Public Instruction for all of his or her costs in exercising his or her authority under this subdivision. The Superintendent of Public Instruction shall promptly notify the county superintendent of schools, the county board of education, the superintendent of the school district, the governing board of the school district, the appropriate policy and fiscal committees of each house of the Legislature, and the Department of Finance of his or her decision to exercise the authority of the county superintendent of schools.

SEC. 15. Section 42127.9 of the Education Code is amended to read:

42127.9. (a) No later than five days after a school district receives notice of any change or changes adopted by the county superintendent of schools in the school district's budget pursuant to subdivision (b) of Section 42127.3, subdivision (e) of Section 42127.6, or subdivision (b) of Section 42131, the governing board of the school district may submit an appeal to the Superintendent of Public Instruction, based upon the contention that the change or changes would do one or more of the following:

(1) Exceed the financial or program changes necessary to allow the school district to meet its financial obligations in the current fiscal year and with regard to its multiyear financial commitments. It is the intent of the Legislature that any change or changes adopted by the county superintendent of schools in a school district's budget minimize, to the extent possible, any impact upon the educational program of the school district.

(2) Require reductions that are unnecessary in view of other reductions that are proposed by the governing board of the school district and that reasonably can be expected to be realized.

(3) Make one or more changes in the school district's operations that are inconsistent with any provision of state or federal law.

(b) No later than five days after receiving that appeal, the Superintendent of Public Instruction, with the concurrence of the president of the state board or the president's designee, shall deny or uphold the appeal. If the appeal is denied, the school district shall implement the change or changes adopted by the county superintendent of schools. If the appeal is upheld, the Superintendent of Public Instruction may revise the change or changes adopted by the county superintendent of schools or issue guidelines governing the manner in which the governing board of the school district or the county superintendent of schools shall be required to change the school district budget.

SEC. 16. Chapter 6.5 (commencing with Section 42160) is added to Part 24 of Division 3 of Title 2 of the Education Code, to read:

SEC. 17. Section 44416 of the Education Code is amended to read:

44416. (a) For the 2018–19 fiscal year, the sum of fifty million dollars (\$50,000,000) is hereby appropriated from the General Fund to the commission to establish the Local Solutions Grant Program to provide one-time competitive grants to local educational agencies to develop and implement new, or expand existing, locally identified solutions that address a local need for special education teachers. This funding shall be available for encumbrance through June 30, 2023, and available for liquidation through June 30, 2028.

(b) (1) A grant shall be up to twenty thousand dollars (\$20,000) per teacher participant that the identified solution proposes to support, matched by that local educational agency or consortium on a dollar-for-dollar basis. Grant program funding may be used for local efforts to recruit, develop support systems for, and retain

special education teachers that include, but are not limited to, teacher career pathways, signing bonuses for newly credentialed teachers who earn an education specialist credential, mentors for existing teachers, professional learning communities, service awards, teacher service scholarships, student debt payment, living stipends for newly credentialed teachers who earn an education specialist credential, or other solutions that address a local need for special education teachers.

(2) (A) A teacher participant who receives a teacher service scholarship, signing bonus, or student debt payment shall agree to teach at a school within the jurisdiction of the grant recipient and work as an education specialist serving a caseload of pupils who receive special education services in a special education setting for four years, and the teacher participant shall have five years to meet that obligation.

(B) A teacher participant who fails to complete the service obligation described in subparagraph (A) shall reimburse the sponsoring grant recipient the amount of grant funding received as a teacher service scholarship, signing bonus, or student debt payment. The amount to be reimbursed shall be adjusted proportionately to reflect the service provided if the teacher participant taught at least one year, but less than the required four years, at the sponsoring grant recipient.

(C) If a teacher participant is unable to complete a school year of teaching, that school year may still be counted toward the required four complete school years if any of the following occur:

(i) The teacher participant has completed at least one-half of the school year.

(ii) The employer deems the teacher participant to have fulfilled his or her contractual requirements for the school year for the purposes of salary increases, probationary or permanent status, and retirement.

(iii) The teacher participant was not able to teach due to the financial circumstances of the sponsoring grant recipient, including a decision to not reelect the employee for the next succeeding school year.

(iv) The teacher participant has a condition covered under the federal Family and Medical Leave Act of 1993 (29 U.S.C. Sec. 2061 et seq.) or similar state law.

(v) The teacher participant was called or ordered to active duty status for more than 30 days as a member of a reserve component of the Armed Forces of the United States.

(D) If the commission determines or is informed that a teacher participant who fails to complete the service obligation described in subparagraph (A), the commission shall confirm with the grant recipient the applicable grant amount to be recovered from the teacher participant and the grant recipient. The amount to be recovered shall be adjusted proportionately to reflect the service provided if the teacher participant taught at least one year, but less than four years, at the sponsoring grant recipient.

(E) Upon confirming the amount to be recovered from the grant recipient pursuant to subparagraph (D), the commission shall notify the grant recipient of the amount to be repaid within 60 days. The grant recipient shall have 60 days from the date of the notification to make the required repayment to the commission. If the grant recipient fails to make the required payment within 60 days, the commission shall notify the Controller and the grant recipient of the failure to repay the amount owed. The Controller shall deduct an amount equal to the amount owed to the commission from the grant recipient's next principal apportionment or apportionments of state funds, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution. If the grant recipient is a regional occupational center or a program operated by a joint powers authority that does not receive principal apportionment or apportionments of state funds, or a consortia of local educational agencies, the commission shall notify the Controller of the local educational agency where the teacher participant taught and the Controller shall deduct the amount owed from the applicable local educational agency's next principal apportionment or apportionments of state funds, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution.

(F) An amount recovered by the commission or deducted by the Controller pursuant to subparagraph (E) shall be deposited into the Proposition 98 Reversion Account.

(G) Grant recipients may recover from a teacher participant who fails to complete the service obligation described in subparagraph (A) the amount of grant funding received as a teacher service scholarship, signing bonus, or student debt payment. The

amount to be recovered shall be adjusted proportionately to reflect the service provided if the teacher participant taught at least one year, but less than four years, at the sponsoring grant recipient.

(c) A grant recipient shall not use more than 5 percent of a grant award for program administration costs.

(d) A grant recipient shall provide a 100-percent match of grant funding to support, complement, or enhance the local solution identified in subdivision (h). The match shall be in the form of one or both of the following:

(1) One dollar (\$1) for every one dollar (\$1) of grant funding received.

(2) An in-kind match.

(e) An applicant may consist of one or more, or any combination, of the following:

(1) A school district.

(2) A county office of education.

(3) A charter school.

(4) A regional occupational center or program operated by a joint powers authority.

(f) To receive a grant, an applicant shall submit to the commission an application at a time, in a manner, and containing information prescribed by the commission.

(g) A grant recipient shall not use funds from a Local Solutions Grant Program award to support teacher candidates participating in a program supported by an award from the Teacher Residency Grant Program established pursuant to Section 44415.

(h) When selecting grant recipients, the commission shall require applicants to demonstrate a local need for special education teachers and present a plan that proposes one or more solutions that address that local need.

(i) For purposes of administering the grant program pursuant to this section, the commission shall do all of the following:

(1) Determine the number of grants to be awarded and the total amount awarded to each grant applicant.

(2) Require grant recipients to annually report the status and progress of the identified solution and to submit a final implementation report within five years of receiving a grant award that describes the outcomes and effectiveness of the identified solution.

(3) Allocate 90 percent of funding to each grant recipient at the time of the initial grant award and allocate the final 10 percent of grant funding upon receipt of the final implementation report. If the grantee fails to provide the final implementation report pursuant to paragraph (2), the grantee shall not receive the final 10 percent of the grant award.

(j) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202, for the 2017–18 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202, for the 2017–18 fiscal year.

SEC. 19. Section 46392 of the Education Code is amended to read:

46392. (a) If the average daily attendance of a school district, county office of education, or charter school during a fiscal year has been materially decreased during a fiscal year because of any of the following, the fact shall be established to the satisfaction of the Superintendent by affidavits of the members of the governing board or body of the school district, county office of education, or charter school and the county superintendent of schools:

the county below the approximate total average daily attendance that would have been credited to a school district, county office of education, or charter school had the state of emergency not occurred shall be deemed material. The Superintendent shall determine the length of the period during which average daily attendance has been reduced by the state of emergency.

(2) The period determined by the Superintendent shall not extend into the next fiscal year following the declaration of the state of emergency by the Governor, except upon a showing by a school district, county office of education, or charter school, to the satisfaction of the Superintendent, that extending the period into the next fiscal year is essential to alleviate continued reductions in average daily attendance attributable to the state of emergency.

(3) Notwithstanding any other law, the Superintendent shall extend through the 2018–19 fiscal year the period during which it is essential to alleviate continued reductions in average daily attendance attributable to a state of emergency declared by the Governor in October 2017, for a school district where no less than 5 percent of the residences within the school district or school district facilities were destroyed by the qualifying emergency.

(c) The average daily attendance of the school district, county office of education, or charter school for the fiscal year shall be estimated by the Superintendent in a manner that credits to the school district, county office of education, or charter school for determining the apportionments to be made to the school district, county office of education, or charter school from the State School Fund approximately the total average daily attendance that would have been credited to the school district, county office of education, or charter school had the emergency not occurred or had the order not been issued.

(d) This section applies to any average daily attendance that occurs during any part of a school year.

SEC. 33. Section 17581.97 of the Government Code is amended to read:

17581.97. (a) (1) For the 2018–19 fiscal year, the sum of six hundred ninety-seven million seven hundred fifty-nine thousand dollars (\$697,759,000) is hereby appropriated from the General Fund to the Controller for transfer to Section A of the State School Fund for allocation by the State Department of Education to school districts in the manner, and for the purposes, set forth in this section.

(2) For purposes of this section, a “school district” includes a county office of education and a charter school.

(b) The Superintendent of Public Instruction shall allocate the funds appropriated pursuant to paragraph (1) of subdivision (a) to school districts on the basis of an equal amount per unit of regular average daily attendance, as those average daily attendance numbers are reported at the time of the second principal apportionment for the 2017–18 fiscal year.

(c) (1) If a school district is required to repay claims disallowed under the School-Based Medi-Cal Administrative Activities program for the 2009–10 fiscal year to the 2015–16 fiscal year, inclusive, the Controller shall, upon notification from the Department of Finance, withhold the specified amounts owed by the applicable school district from the allocations made to those school districts pursuant to subdivision (b).

(2) The Controller shall transfer the amounts withheld in paragraph (1) to the General Fund as reimbursement of the payments made by the state in the 2017–18 fiscal year and the 2018–19 fiscal year to the federal Centers for Medicare and Medicaid Services on behalf of those school districts.

(d) Allocations made pursuant to subdivision (b), less any amount withheld pursuant to subdivision (c), shall first satisfy any outstanding claims pursuant to Section 6 of Article XIII B of the California Constitution for reimbursement of state-mandated local program costs for any fiscal year. Notwithstanding Section 12419.5 and any amounts that are paid in satisfaction of outstanding claims for reimbursement of state-mandated local program costs, the Controller may audit any claim as allowed by law, and may recover any amount owed by school districts pursuant to an audit only by reducing amounts owed by the state to school districts for any other mandate claims. Under no circumstances shall a school district be required to remit funding back to the state to pay for disallowed costs identified by a Controller audit of claimed

reimbursable state-mandated local program costs. The Controller shall not recover any amount owed by a school district pursuant to an audit of claimed reimbursable state-mandated local program costs by reducing any amount owed a school district for any purpose other than amounts owed for any other mandate claims. The Controller shall apply amounts received by each school district against any balances of unpaid claims for reimbursement of state-mandated local program costs and interest in chronological order beginning with the earliest claim. The Controller shall report to each school district the amounts of any claims and interest that are offset from funds provided pursuant to this section, and shall report a summary of the amounts offset for each mandate for each fiscal year to the Department of Finance and the fiscal committees of the Legislature.

(e) (1) The governing board of a school district may expend the one-time funds allocated pursuant to this section for any purpose.

(2) It is the intent of the Legislature that school districts shall prioritize the use of these one-time funds for professional development, induction for beginning teachers with a focus on relevant mentoring, instructional materials, technology infrastructure, employee benefits, and any other investments necessary to support implementation of the common core academic content standards in English language arts and mathematics, the implementation of English language development standards, and the implementation of the Next Generation Science standards.

(f) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, one hundred three million three thousand dollars (\$103,003,000) of the appropriations made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 2016–17 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code, for the 2016–17 fiscal year.

(g) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, two hundred ninety-four million seven hundred fifty-six thousand dollars

(\$294,756,000) of the appropriations made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 2017–18 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code, for the 2017–18 fiscal year.

(h) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, three hundred million dollars (\$300,000,000) of the appropriations made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 2018–19 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code, for the 2018–19 fiscal year.

(b) The Classified School Employee Summer Assistance Program shall provide a participating classified employee up to one dollar (\$1) for each one dollar (\$1) that the classified employee has elected to have withheld from his or her monthly paychecks pursuant to this section.

(c) For the 2019–20 school year, a local educational agency may elect to participate in the Classified School Employee Summer Assistance Program. A participating local educational agency shall notify classified employees by January 1, 2019, that the local educational agency has elected to participate in the Classified School Employee Summer Assistance Program for the next school year. Once a local educational agency elects to participate in the Classified School Employee Summer Assistance Program and notifies classified employees pursuant to this subdivision, the local educational agency is prohibited from reversing its decision to participate in the Classified School Employee Summer Assistance Program for the 2019–20 school year.

(d) (1) A classified employee that elects to participate in the Classified School Employee Summer Assistance Program shall notify the local educational agency, in writing, by March 1, 2019, on a form developed by the State Department of Education that he or she wishes to participate in the Classified School Employee Summer Assistance Program for the 2019–20 school year. A participating classified employee may elect to have up to 10 percent of his or her monthly pay withheld during the school year.

(2) A classified employee shall be eligible to participate in the Classified School Employee Summer Assistance Program if the classified employee has been employed with the local educational agency for at least one year at the time the classified employee elects to participate in the Classified School Employee Summer Assistance Program.

(3) A classified employee shall be eligible to participate in the Classified School Employee Summer Assistance Program if the classified employee is employed by the local educational agency for fewer than 12 months per fiscal year.

(4) A classified employee shall not be eligible to participate in the Classified School Employee Summer Assistance Program if the classified employee's regular annual pay received directly from the local educational agency is more than two times the full-time pay of a classified employee, paid at the state minimum wage for an entire school year, at the time of enrollment. For purposes of determining a classified employee's regular annual pay received directly from the local educational agency, the employing local educational agency shall exclude any pay received by the classified employee during the summer recess period of the previous fiscal year. If the funding provided pursuant to subdivision (a) is insufficient to provide one dollar (\$1) for each one dollar (\$1) that has been withheld from participating classified employee monthly paychecks, the State Department of Education shall notify local educational agencies of the expected prorated amount of state match funds that a participating classified employee can expect to receive as result of participating in the Classified School Employee Summer Assistance Program.

(g) Participating local educational agencies shall notify participating classified employees by June 1, 2019, the amount of estimated state match funds that a participating classified employee can expect to receive as a result of participating in the Classified School Employee Summer Assistance Program. (h) The local educational agency shall deposit the amounts withheld from participating classified employee monthly paychecks in accordance with the choices made by each participating classified employee pursuant to subdivision (d) in a separate account.

(i) A classified employee that separates from employment with a local educational agency during the 2019–20 school year may request from the local educational agency any pay withheld from his or her paycheck pursuant to this section. However, the classified employee shall not be entitled to receive any state match funds provided pursuant this section.

(j) Participating local educational agencies shall request payment from the State Department of Education on or before July 31, 2020, on a form developed by the State Department of Education, for the amount of classified employee pay withheld from the monthly

paychecks of participating classified employees and placed in a separate account pursuant to subdivision (h).

(k) The State Department of Education shall apportion funds to participating local educational agencies within 30 days of receiving a request for payment by the participating local educational agency pursuant to subdivision (j). The apportionment shall be determined for each local educational agency by the State Department of Education on the basis of the amount that has been withheld from the monthly paychecks of participating classified employees and placed in a separate account pursuant to subdivision (h).

(l) If the total amount requested by participating local educational agencies exceeds the amount appropriated pursuant to subdivision (a), the State Department of Education shall prorate the amount apportioned to participating local educational agencies accordingly, consistent with the determination made pursuant to subdivision (f).

(m) The participating local educational agency shall pay participating classified employees the amounts withheld in accordance with the classified employee's choices, plus the amount apportioned by the State Department of Education that is attributable to the amount withheld from that classified employee's paychecks during the school year. This amount shall be paid to the participating classified employee during the summer recess period, in either one or two payments, in accordance with the classified employee's option pursuant to subdivision (d).

(n) The state match funding received by participating classified employees pursuant to this section shall not be considered compensation for the purposes of determining retirement benefits for the California Public Employees' Retirement System or the California State Teachers' Retirement System.
