OUR VISION FOR A BRIGHTER FUTURE

We believe quality community schools are the foundation for a successful future for Oakland’s students. The future we envision has all OUSD students finding joy on the path to graduation, and emerging as lifelong learners prepared for college and career.

Thank you for being part of the journey toward a brighter future.

THE CHALLENGE BEFORE US

Dozens of OUSD schools are under-enrolled. In our District-run schools there are nearly 11,000 empty seats. The current cost of maintaining buildings, utilities and staff is not sustainable.

As a result, we don’t have enough resources to serve our students and we have spent far more money than we’ve brought in.

Fixing OUSD’s finances will require hard choices, but failing to fix them will be even harder. We’re redesigning our budget with students front of mind, and are prepared to learn from past mistakes.

This planning opportunity is about more than being better with our money — it’s how we will chart our vision for quality schools in every neighborhood. We have the opportunity to examine how resources are used, and make changes that better serve our students.

For details about the District’s plan for fixing our finances, please visit www.ousd.org/fiscalvitality.

“I SEE MYSELF IN OUR STUDENTS AND WANT THEM TO HAVE THE VERY BEST OPPORTUNITIES IN LIFE.”

— Superintendent Dr. Kyla Johnson-Trammell

WE WANT TO HEAR FROM YOU

We invite you to participate in planning the future of OUSD, and help us reimagine and improve the school your child attends. To get involved:

Visit Our Website For the latest information and opportunities for engagement www.ousd.org
Contact Us For more information about what the Community of Schools plan means for your school and family, please email blueprintforquality@ousd.org
Attend a Board Meeting For a schedule of upcoming meetings, visit https://tinyurl.com/legislativecalendar

GETTING THERE TOGETHER

OUSD’s next steps and long-term goals include four critical outcomes:

Setting, Managing & Watching the Budget
OUSD will implement a sensible timeline, balance this year’s money, and plan for a responsible emergency fund.

Evenly Matching Number of High-Quality Schools to Number of Students We Serve
OUSD will identify how many schools are needed to serve the number of students we have, and ensure that every part of Oakland has quality schools and programs.

Increasing Teacher Pay
Teacher retention and compensation are among OUSD’s top priorities. We will continue to advocate for more funding from the state and find a way to compensate our teachers fairly.

Increasing Our Enrollment, Increasing Our $$$
OUSD receives money for every student who’s enrolled and attends class every day. A plan to increase enrollment and attendance will help to combat the current decline, and inform innovative ways to keep and attract more students to the District.

A CITYWIDE PLAN FOR OAKLAND PUBLIC SCHOOLS

OUSD has the opportunity to become a thriving school district where all kids are prepared for college, career and community success. Opportunities within our reach include:

Quality Schools in Every Neighborhood
By reinvesting in a smaller number of schools, we will have more resources available to meet the diverse needs of our students.

A Financially Sustainable District
Financial stability is the first step toward achieving high-quality schools across Oakland. It will help the District to better serve the whole child, eliminate inequity, and make sure that OUSD can keep excellent teachers here in the district.

Fewer, Larger, Better Resourced Schools
The Blueprint for Quality Schools initiative, a comprehensive strategy to shrink the District’s footprint and provide quality schools in every neighborhood, is integral to building out the Community of Schools policy. This initiative calls for OUSD to have fewer schools that receive an abundance of resources to support students.

A More Equitable District for All Children
Strengthening District oversight of local charters will help OUSD hold these schools accountable, and better address inequities between all district-run schools. OUSD families will receive information about all school options to meet the needs of their child, ensuring quality and equity for every child.

Building on Our Achievements
More students are graduating, more students are reading at grade level, and fluency among English Language Learners is increasing. We have the chance to build momentum where OUSD is already seeing progress, and open doors for new achievements across the District.

WE WANT TO HEAR FROM YOU
We invite you to participate in planning the future of OUSD, and help us reimagine and improve the school your child attends. To get involved:
