April 1, 2020

Hello OUSD Staff,

Today, I am announcing that all Oakland Unified School District (OUSD) schools will remain closed for the remainder of this school year for in-person instruction. This is in alignment with the statement from Alameda County Superintendent of Schools, L. Karen Monroe that all K-12 schools in Alameda County remain closed for in-person instruction for the remainder of the 2019-20 school year because of the coronavirus pandemic.

Our meal distribution program and other support services, as well as continuity of education plans will remain in effect until further notice. We remain focused on improving how we serve our students and support our staff during this time.

We are working to determine the full impact of this decision, including exploring alternative plans for celebrating our 2020 graduates, promotions of all other grades, whether summer school may be offered, grading, and distance learning.

As we learn more, the District will send further communications about what this means for OUSD students, families and staff.

Thank you for your patience as we work together to prevent the spread of COVID-19.

Respectfully,

Dr. Kyla Johnson-Trammell
Superintendent
