Local Business Utilization (LBU) Policy

POLICY AMENDMENT: As of April 28, 2021, the OUSD LBU policy has been amended with the intent to expand the number of eligible contractors by accepting Oakland based firms who are currently certified by the following agencies:

- The City of Oakland
- The Port of Oakland
- Alameda County Transportation Commission
- Alameda County
- California Public Utilities Commission
- Caltrans

DEFINITIONS

LBE – Local Business Enterprise
A firm located in Oakland and certified by the City of Oakland and/or one of the listed agencies as an LBE.

SLBE – Small Local Business Enterprise
A firm located in Oakland and certified by the City of Oakland as an SLBE or VSLBE, and/or one of the listed agencies that meets the City of Oakland small business size standards.

SLRBE - Small Local Resident Business Enterprise
A firm certified by the Oakland Unified School District that meets all the criteria for the SLBE and whose owner is a current City of Oakland resident.

NOTE: Designation as a “small” business remains in alignment with the City of Oakland size standards. Firms seeking small business credit that are not certified by the City of Oakland must provide copies of their last three years of tax returns. If a firm’s average gross revenue over three years is above the City of Oakland size standard, that firm will only count toward the local business (LBE) requirement.

Following is a description of how the policy applies to District contracts:

1. REQUIREMENTS

There is a 50% Local Business participation requirement on all District Capital Program construction and construction related professional services agreements.

2. MEETING THE REQUIREMENTS

The 50% Local Business utilization requirement can be met with: 25% (or less) Local Business (LBE) participation AND 25% (or more) Small Local and/or Small Local Resident Business (SLBE/SLRBE) participation.

For additional information regarding the OUSD Local Business Utilization Program, please contact Philip Lang: PLang@Luster.com

www.ousd.org
3. BID DISCOUNTS FOR MEETING THE REQUIREMENTS

All firms meeting the 50% Local Business utilization (LBU) participation requirement with a maximum of 25% of LBE and a minimum of 25% SLBE and/or SLRBE participation will be considered responsive and receive a 2% bid discount. Bids that do not meet the 50% LBU requirements are considered non-responsive unless otherwise approved by the District.

Additional Bid Discounts: In addition to the 2% bid discount for the 50% LBU participation firms with participation of 60-80% will earn additional bid discounts as follows.

- **Bidders receive an additional 1% discount** for 60% LBU participation if the team has a minimum of 35% SLBE/SLRBE of the total 60% LBU participation, for a 3% total bid discount.

CERTIFICATION

The District manages the Small Local Resident Business Enterprise (SLRBE) Certification Program. To become certified as a Small Local Resident Business Enterprise each firm must:

- Submit proof of City of Oakland certification as a Small Local Business Enterprise (SLBE) or Very Small Local Business Enterprise (VSLBE). For firms certified by the accepted local agencies, see the OUSD Local Business Program Credit Chart that follows. Visit: https://www.oaklandca.gov/services/local-business-certification for City of Oakland certification information.
- Submit verification of the firm owner’s City of Oakland residency. Please email Philip Lang at Plang@Luster.com for complete SLRBE certification information.

To receive participation credit, all LBE, SLBE, SLRBE or equivalent firms must be certified prior to bid submittal. Upon submittal, firm information will be reviewed and approved for responsiveness and bid discount.

For additional information regarding the OUSD Local Business Utilization Program, please contact Philip Lang: PLang@Luster.com
**OUSD Local Business Program Credit Chart**

Only firms operating in Oakland will be eligible for local business credit for OUSD. Firms seeking SBE/SLRBE credit that are not certified with the City of Oakland MUST complete the SBE/SLRBE Supplemental E request form. Otherwise, credit will be given per the chart below.

[2019 SBA Size Standards]
Certification Conversion Examples

Scenario #1:

Julie’s Oakland based flooring company is certified with the Port of Oakland as a Small Business and wishes to do business with the Oakland Unified School District. Under the new policy amendment, Julie’s business will get the same consideration for local participation as a Local Business Enterprise (LBE) because her firm’s gross revenues exceed City of Oakland’s “small” size standards for a business providing flooring services.

Scenario #2:

Fred’s Oakland based landscaping business holds a valid certification with Alameda County as a Small Local Emerging Business. The County’s small business size standard exceeds that for the City of Oakland, but Fred wants to be considered as a SLBE for OUSD contracts. Under the new policy amendment, Fred must provide a copy of his last three years tax returns to prove his gross revenue is 20% of the SBA size standard. His business would get the same consideration for local participation as a Small Local Business Enterprise (SLBE) based on the City of Oakland’s size standard.

Scenario #3:

Angela is an Oakland resident who owns an architectural firm in downtown Oakland. She is currently certified with the Alameda County Transportation Commission as a Very Small Local Business and wishes to do business with the Oakland Unified School District. Under the new policy amendment, Angela must provide a copy of her last three years tax returns and will get the same consideration for local participation as a Small Local Business Enterprise (SLBE) AND she is eligible to be certified through the School District’s Small Local Resident Business Enterprise (SLRBE) program.

Scenario #4

Antonio owns a glass and glazing business located in Oakland and is certified by the CA Public Utilities Commission as a Minority Business Enterprise (MBE). Under the new policy amendment, Antonio would be granted the same consideration for local participation as a Local Business Enterprise (LBE) based on the City of Oakland’s guidelines. If he thinks he is qualified as a small business, he must provide a copy of his last three years tax returns to prove his gross revenue is 20% of the SBA size standard.

Scenario #5

Accurate Testing is an Oakland based company certified by the Port of Oakland as a very small business enterprise (VSBE). Their average annual gross revenue is $4.5 million dollars over the past three years. This average exceeds the City of Oakland small business size standard threshold of 20% of the SBA size standard. Accurate Testing would only receive credit as a local business enterprise (LBE).
