In addition, the District is creating a pre-qualified "pool" from interested firms in which OUSD would for future projects of similar scope and/or small projects solicit fee proposals through an informal procurement process.

A. BASIC SERVICES

The Consultant agrees to provide the Services described below:

1. The Consultant shall be responsible for the professional quality and technical accuracy of all designs, drawings, specifications and other services furnished by the Consultant under the Agreement as well as design and existing conditions coordination. The Consultant shall, without additional compensation, correct or revise any errors or omissions in its design, drawings, specifications and other Services.
2. **Mandatory Assistance.** If a third party dispute or litigation, or both, arises out of, or relates in any way to the Services provided under this Agreement, upon the District's request, the Consultant, its agents, officers, and employees agree to assist in resolving the dispute or litigation. The Consultant's assistance includes, but is not limited to, providing professional consultations, attending mediations, arbitrations, depositions, trials or any event related to the dispute resolution and/or litigation ("Mandatory Assistance").

B. GENERAL STATEMENT OF WORK:

The requested scope is limited to seismic assessment of the existing buildings on the Cole campus:

Produce an ASCE-41 Tier 1 Seismic Assessment Report for the two main buildings on the Cole campus, the 2-story 54,000 s.f. classroom building and the 5,118 s.f. single story cafeteria. Based on the current occupancy, the two buildings would likely fall under the Risk Category III rating.

The performance criteria would be evaluated for a voluntary seismic upgrade:

- ASCE 41-13
- Basic Safety Objective Existing (BPOE)
- Life Safety at the Basic Safety Earthquake 1 (BSE 1E)
